My name is Romaine Smith. I've been a member of OSC for 6 years. I would like to submit this for Building and Grounds BOD position: 22 1/2 years with Gilman & Truck 10 years in the trailer shop rebuilding refrigerator vans, box vans, and flat beds. I was also in fabrication and certified in refrigeration and DOT certified in truck repairs. I'm currently employed by Dane County Hwy. Dept. as total vehicle maintenance man.

I've helped BOD members with various duties including road grading and grounds up keep and I'm sure I could be of great help in the up keep of OSC Inc.

Dear Members of the Oconomowoc Sportsman’s Club,
My name is Anthony (Tony) Watts. I am an active member of the club, and would like to be considered for a position as a member of the Board of Directors.
I am encouraged by the improvement of the club in the past couple of years and would like to be in a position to help this continue.
I am in accord with the mission statement of the club and would do my best to ensure the rules and policies of the organization are adhered to as a board member.
I am a business owner, self-motivated and organized. These attributes would allow me to be an asset on the board. I would be honored to be able to serve the members of this club as a director.
Sincerely,
Anthony (Tony) Watts

Nominating Committee Oconomowoc Sportsman’s Club Concord, WI 53066

Dear Members of the Committee:

Application for Consideration for a position on the Board of the Club

I am presenting myself for consideration for one of the open positions on the Board of Directors of the OSC.

I have been a fairly active member of the Club for the past several years. During the past several years, I have been the custodian and maintained the Club's Website – one of the primary communication tools used by the Club. The web site has grown since I took it over and now offers a variety of features for the members – this includes when needed an eBay style auction area. I have also launched a marketing campaign site where targeted communication may be sent to the membership at the direction of the Board.

I believe I can offer and implement more technological ideas that would move the Club forward in a fiscally responsible manner. I also make available my extensive experiences, technology (hardware, software, infra structure, security etc.), strategic planning, marketing, communication, budgeting etc. These are skills I believe the club need if it is to sustain itself in a fiscally responsible manner into the future.

I look forward to your consideration.

Sincerely,

Feroz Ghouse

Paul Gritmacker – Board member

I am writing this to express my interest in running for one of the open board position.

I have been shooting at OSC since the early 90s when I shot IPSC. I joined the club in 2000, impressed with how all disciplines served to work together, and, of course, Miss Kitty's cooking after matches. After shooting IPSC for a few more years, I got involved with the cowboy programs, both shooting and being co-match director with 3 day match. I am currently shooting the .22 Buffalo League and BPCR. I hope to get back to practical rifle this year.

I have appreciated all the hard work former board members have done and feel it is time for me to step up and do a larger share in the club.

Thank you, for your time and effort,

Paul

BOD Application

Gerald (Jerry) Pasutin

Member from 1992

Applying for board position currently filled by Don Desens.

Starting in 1975, I have been involved continuously with competitive pistol and rifle. Currently shoot with rifle range crew.

Since I work with Pete in the shop I cannot take on "Bldg & Grounds"; nor "Safety". I also work for Wagner on rifle range and Les for Bldg & Grounds.

I would like to be involved with planning; with 40 years of experience with approximately 6 different shooting clubs, I feel I can be a positive force for our OSC.
